FIZZLE

Was the Much Discussed Jeffries-Ruhlin Fight.

It was Ended in Five Rounds.

Ruhlin, the Akron Giant, Quit in the Fifth Round and Refused to Go on in the Sixth. Immense Crowd Witnessed the Fiasco.

San Francisco, Nov. 16.—The sports men went to bed supremely disgusted with the Jeffries-Ruhlin fight. There is excretion for Ruhlin, who they say, "faked" the whole thing and was in just long enough to secure the big loser's purse. Jeffries, on the other hand, gets unstinted praise for his business like attempt to give the crowd a run for their money. Ruhlin's talk of going is regarded as pure blarney by close students of the game who carefully followed every movement of the fighters. Such eminent critics as George Siler, W. W. Naughton and others make no mention of anything resembling foul in their accounts of the battle.

GEORGE SILER

Says It Was the Poorest Fight in America.

Jeffries simply toyed with Ruhlin. He smiled every time his rival essayed to deliver a blow. The champion came out of the battle without a mark. He left the ring disgusted that Ruhlin had quit, and the cheers of the crowd went with him. When Ruhlin attempted to escape from the ring during the excitement he was met with a cyclone of hisses. Every whisper that a follower of fighting could think of was hurled at the Swiss pugilist. Geo. Siler says it was the poorest fight in the history of Queensbury Rules in America.

THE "GIANT"

Quit Like a "Dub" After Receiving a Few Punches.

San Francisco, Nov. 16.—In one of the most unsatisfactory prizefights ever witnessed in this country James J. Jeffries proved the victor Friday night over Gus Ruhlin, the Akron giant. In the fifth round of what was to have been a 20-round struggle Ruhlin wilted and then surrendered to his opponent to the utter amazement and disgust of the assembled thousands. No one was more surprised at the outcome than Jeffries himself, who asserted that while he had delivered one telling blow in the second round, he did not expect to win the victory so easily. Ruhlin's sole explanation of the outcome of the fight is that he received a chance blow which utterly disabled him and that Jeffries persisted in fighting him low. While Ruhlin will make no absolute charge of Jeffries having committed a foul, he intimates that he was unfairly handled and injured as a result. Ruhlin received the support of his seconds in this stand, who say that his was a hopeless case after the second round.

When seen in his dressing room after the fight Champion Jeffries said: "I was certainly surprised at my easy victory and Ruhlin's amazing defeat.

JAMES J. JEFFRIES.

While it is true that he did not punch me hard enough during the five rounds to cause me any alarm, I believed him strong and cautious up to the moment of his collapse, and was surprised when he quit. I certainly had no trouble in whipping him, and had the fight gone on the result must have been the same. Ruhlin was inaccurate and in poor wind, and I can not say that he even had the courage and force that I expected to encounter in him. Ruhlin took a stiff punch in the stomach in the fourth round which I presume gave him trouble, nevertheless I expected him to lose harder than he did. Ruhlin can doubtless best explain his own position, and as

with difficulty. Ten thousand persons saw the fight.

Never in the history of San Francisco had there been such a crush of humanity at a pugilistic event. Hardly had the sun hidden itself behind the hills toward the ocean before the great pavilion began to fill with the enthusiastic crowd gathered to watch the championship contest. People, coming from points between Vancouver and Mexico, and embracing well known state officials, members of the judiciary and prominent sporting people, early took possession of the high-priced seats. M. H. DeYoung, the millionaire editor; Mayor J. D. Phelan, Mayor-elect Schmitz and almost the entire bench of the county of San Francisco was early at the ringside. Billy Jordan, the veteran announcer, was on the scene.

London in a Fog.

Special by Wire to Times-Democrat. London, Nov. 16.—London is again wrapped in a dense fog and traffic is greatly impeded. In a collision at Brixton station 16 persons were injured.

POWDERLY

Says Congress Should Enact Laws

More Effective in Regulating Immigration.

Annual Report Shows a Heavy Increase in the Immigration of Italians—Wants Anarchists Excluded.

Special by wire to Times-Democrat.

Washington, Nov. 16.—Commissioner of Immigration Powderly makes public his annual report today. He says the time has come when congress must enact suitable laws to check and regulate the assimilation of aliens. Says at the present we can exclude Chinese and paupers, but there is no warrant in the law for the exclusion of anarchists, polygamists in doctrine or other enemies of the social and political order. He would also exclude all emigrating prostitutes. The immigration for 1901 was 487,000 against 448,000 in 1900. The most striking feature of the report was the showing of Italian immigration, thirty-six percent more came from Italy this year than last. The increase from all other European countries was only one-fourth of those from Italy.

DYNAMITE

Used to Wreck St. Louis Express Train

On Northern Central Railroad Last Night.

Engine was Wrecked and Several Cars were Derailed by the Explosion—No One was Injured in the Wreck.

Special by wire to Times-Democrat.

York, Pa., Nov. 16.—An attempt was made last night to blow up the St. Louis express on the Northern Central railroad at Loucks Mills, a noted resort for tramps, one and one-half miles from here. Dynamite was placed on the track after the 10:02 train had passed. The express, composed of two express cars, a combination smoker, one day coach, a ladies' car and three Pullman sleepers, passed over the dynamite at 10:44. By the explosion the engine was shattered, one express car, the smoker, day coach and a Pullman were derailed. No one was hurt.

Quarantine Raised.

Special by Wire to Times-Democrat. Newark, O., Nov. 16.—The small pox quarantine was lifted today. Churches, schools and theatres will now open. The scare is over.

The Weather.

Special by wire to Times-Democrat. Washington, Nov. 16.—Ohio, generally fair tonight and Sunday.

East Liberty Markets.

Special by Wire to Times-Democrat. East Liberty, Nov. 16.—Cattle light, firm; hogs light, active; sheep light, steady.

Czolgosz Ordered Out.

Special by Wire to Times-Democrat. Corning, N. Y., Nov. 16.—Public feeling so intense here over a wax figure exhibition of Czolgosz that Chief of Police Ryan ordered it out of the city at noon today.

WENT

Up Against Wall Street and Lost His Roll.

Another Bank Employee Goes Wrong.

Sixty Thousand Dollars of the Institution's Money Embezzled.

The Defaulter Confesses the Crime and Involves the Name of a Former Associate, Dead.

New York, Nov. 16.—Defalcations amounting, it is claimed, to \$60,000, have been discovered in the accounts of the Williamsburg Savings bank, an institution conducted at Williamsburg, in the suburbs of Brooklyn. General C. V. Meserole, the president of the bank, is authority for the statement that the parties implicated in the affair are Harry E. Corbett, a former paying teller of the bank, who died Nov. 2, and George Zollinhofer, 69, a receiving teller, who, it is alleged, gave the first information leading to the discovery. The bank is fully protected, it is said, by the bonds of both Corbett and Zollinhofer. Harry E. Corbett had been in the employ of the bank for 19 years. He was looked upon as a man of exemplary habits, and not the slightest suspicion attached to him up to the time of his death.

According to General Meserole, on Friday of last week George Zollinhofer, one of the receiving tellers, went to Cashier William Burns and confessed that he (Zollinhofer) and Corbett had for the past two or three years taken funds from the institution for the purpose of stock gambling, and that, so far as he could estimate, the amount that had been lost was between \$50,000 and \$60,000. Cashier Burns had Zollinhofer repeat his confession to President Meserole, and a meeting of the trustees of the bank followed. The examination was not concluded that day, nor is it yet concluded, but irregularities enough were found to show that Zollinhofer had not exaggerated the extent of the defalcations.

Died of Starvation.

New York, Nov. 16.—Samuel Kotz, 22, of Monroe, Green county, Wis., died in Jersey City of brain disease and starvation. Kotz left his home with two companions several weeks ago to visit the Buffalo exposition. He went from Buffalo to Jersey City and was found wandering aimlessly about the streets. At the hospital he refused to take either food or drink, and, already weakened by the disease of the brain, quickly died. His wife came

LIVELY SKIRMISHES

Between the British and Boer Forces in South Africa Reported.

Kitchener Reports That the Past Month Has Been a Series of Disappointments for the English.

London, Nov. 16.—A dispatch from Lord Kitchener, dated from Pretoria, says that a strong patrol of yeomanry, while reconnoitering at Brakspruit, near Zeerust (in the Transvaal colony, about 140 miles west of Pretoria), was surrounded by 300 Boers and lost six men killed and 16 wounded. Some of the troops were captured, but were subsequently released. The rear guard of Colonel Byng's column was attacked near Heilbron, Orange River colony, Nov. 14, by 400 Boers, said to be under the command of General Dewet. After two hours' fighting the Boers retired, leaving eight dead on the field. Of Colonel Byng's column Lieutenant Hughes and one man were killed, while three officers and nine men were wounded.

The Gazette publishes General Kitchener's report of the sweeping operations of the several columns for the month. A detailed statement is made of the captures of men and horses and casualties on both sides. Though admitting disappointing results of the operations, Lord Kitchener comments on them as follows: "So long as this rate of progress can be maintained, there can be little doubt of its ultimate effect, even on an enemy to whom no other form of agreement seems to appeal." The re-

port further says that the system of chains of blockhouses at intervals of a mile and sometimes less, along the railroads, was being extended. Besides extending the lines these blockhouses hamper communication between different portions of the Boer forces and act as barriers against which to drive Boers.

Insult Added to Injury.

London, Nov. 16.—The war office has issued a four hundred page blue book of the official reports of the medical and other officers on the condition of the concentration camps in South Africa. The general drift of the report attributes the high mortality in these camps to dirty habits of the Boers, their ignorance and prejudices, their recourse to quackery and their suspicious avoidance of the British hospitals and doctors.

Dutch Troops Captured by Boers. Middelburg, Cape Colony, Nov. 15.—One hundred and eighty district mounted troops, composed largely of Dutchmen, with their arms and horses, have surrendered to Smut's command. The district troops fired most of their ammunition at long range and then refused to fight further. Captain Thornton, their commander, believes their surrender to have been prearranged.

Double Killing. Galena, Kan., Nov. 16.—At Central City, a mining camp three miles east of Galena, Mrs. S. E. Kramer, wife of Ed Watkins, who, it is supposed, had entered the house for the purpose of robbery, Kramer then shot and killed Watkins. Watkins had formerly been employed by Kramer in the latter's general store. Kramer had disposed of considerable property in town and was accompanied home by Watkins.

Held For Murder. Chicago, Nov. 16.—Filippi Rini and Dominick Beaumonte were held to the grand jury, charged with the murder of Antonio Natoli, whose mutilated body was found in a barrel on the prairie at the edge of the city Nov. 5.

Outbreak of a Farmer. Marlon, Kan., Nov. 16.—A. S. Dance, a farmer living a few miles from here, shot and fatally wounded his divorced wife and then attempted suicide by taking poison. Dance is unconscious, and it is believed he can not live.

PAUNCEFOTE

Cables the Final Text of the Treaty

That is to Govern the Canal Operations.

Water-way to be Neutral Territory in Both Peace and War and There Will be No Discriminating Tolls.

Special by wire to Times-Democrat.

London, Nov. 16.—New York correspondent Manchester Guardian learns that Lord Julian Paunceforte, British ambassador to the U. S., has cabled a final text of the Nicaraguan canal treaty. The treaty agrees, first in the abrogation of the Clayton-Bulwer treaty; second, neutrality in peace and war is guaranteed by the U. S. Third, there shall be no discriminating tolls against English shipping. The opinion was previously expressed here that England would feel she had gained an essential point if the canal were open in both peace and wars.

VICTIM

Of the Convicts' Revolt Dies of His Wounds.

Special by wire to Times-Democrat.

Leavenworth, Kas., Nov. 16.—Wal-rup, the federal penitentiary guard, who was wounded during the revolt November 7, died of his wounds this morning. All of the captured convicts will now be tried for murder and conspiracy.

LOBBY

Will Control the Next General Assembly of the State of Ohio.

It Will be the Strongest Gang

That Ever Attempted to Influence the Enactment of Laws to Control the Affairs of People of Ohio. Some Stupendous Schemes Will be Worked.

Columbus, O., Nov. 16.—The biggest lobby ever organized to effect legislation in this state is preparing to swoop down on the republican legislature which will open its mills to twentieth century jobbery with the dawn of the new year. It will be one harmonious body for the purposes of spoils, but in fact will be comprised of half a dozen different bodies having separate objects in view and only one common purpose to grab everything in sight. It is an exceedingly hopeful lobby, too; for it sees vast opportunities in the strong work.

commanded by the republicans in both branches. It expects the democratic minority to be helpless in its hands by reason of its inferiority in numbers as compared with other years when the legislature was republican, and anticipates the successful culmination of more crooked schemes than were ever before launched at a single session.

As usual, the objects of the lobby this year will be both negative and positive, but they will be more daring than any since the one hundred year street railway franchise bill was concocted to rob the people of Ohio cities of their rights in the streets. They will be negative in preventing reform legislation and positive in promoting the other kind.

The Legislature will have the counsel and frequently the guidance of two United States senators, both Hanna and Foraker being interested in the revival of old schemes as well as the launching of new ones. Foraker's record for impudence is well remembered for his having appeared as attorney for the Cincinnati corporations seeking the enactment of the fifty year street railway franchise bill, which was merely Hanna's defunct one hundred year bill cut in two, before the very legislature that had elected him United States senator, within two weeks of his election. Hanna and Foraker are equally interested in municipal franchises and represent today, as they have always represented, the interests of the corporations that seek to fasten franchises in perpetuity upon the people of Ohio both as a principle of law and an accomplishment of fact.

All rumors as to bickerings and conflicts between Hanna and Foraker may be set down as absolutely without foundation, so far as joint schemes to promote legislation are concerned. This is an industry in which both of these astute politicians "know their business."

There will be a big negative lobby on hand to watch the course of taxation legislation, particularly that involving railroads, and the democratic Cuyahoga delegation will be singled out as a special body to be watched in this connection. There will be another lobby, largely comprised of the servants of the state and their emissaries who make up the Nash machine, the special object of which will be to prevent entrenchment in the expenditure of the public funds. The state institutions under the present "economical" regime—Heaven save the mark—cost \$400,000 a year to maintain more than they cost in 1890; and it will be the object of this branch of the lobby, which thrives on such figures, to see that there is no reduction in this extravagance. Then there will be still another lobby, among the most powerful of the lot, to watch the course of legislation relating to the liquor traffic. The liquor men know that there is a disposition abroad to "soak" them this year and they will raise an immense fund and an army of "third house" to counteract the threatened invasion of the Anti-Saloon League.

These are only the more important divisions of the lobby that will contest for spoils at the capitol. To name all the others, representing the different interests of public and private corporations within and beyond the state, would require more space than the

average newspaper has to devote to one subject. The multitude of them, however, brings forcibly to mind the far different condition that would have prevailed if a democratic legislature had been elected. The democratic platform crudely pledged the party in advance to the support of all the reforms in regard to which the republican platform was silent; and if the legislature had been democratic there would have been a scattering of the old lobby interests and combinations such as was never before witnessed in Ohio. As it is, however, these interests will be more active at this session than at any former one. The people of Ohio have given the republicans a loose rein and may now sit by while he kicks the dashboard through the rear seat and cuts a bee line for the pastures of free feed.

A howl is going up from the more shrewd and conservative republican leaders in view of the threatened governing of the state by the radicals for congressional purposes. With the democrat casting nearly one half of the vote in the state and having less than one third of the representation, the hogs on the republican side are not satisfied but demand still further discriminations against the constitutional principle and the people's inherent right of representation in congress. This has alarmed the more cautious leaders, who foresee a day of reckoning if further injustice is perpetrated in this direction. There are some among them who would rather have the congressional districts stand as they are for ten years to come than risk the consequences if the gerrymanderers are turned loose. What the outcome will be can only be conjectured, but there are evidences indicating that a row will ensue in connection with this subject before the legislature is many days old.

The democratic camp limbering vote for United States senator is not bothering anybody except the republicans. Colonel Kilbourne will do nothing to obtain this honor for himself and his friends are equally indifferent. If it comes to him it will be entirely unsolicited. The subject will not receive attention until some time after the legislature convenes.

The democratic committee during the late campaign expended less than \$20,000 for all purposes. This was less than the republicans expended for their single smallest fixed item and probably less than any committee has disbursed in twenty years. Every dollar of indebtedness will be paid, however, and the next state committee will start with a clear slate and no embarrassing heritage from its predecessors.

MURDERS

That Have Startled Evansville

Were Not All Committed by One Mysterious Man

But the Police Believe They Know the Man Who Killed Three of the Unhappy Victims by Strangulation.

Special by wire to Times-Democrat. Evansville, Ind., Nov. 16.—The police now believe that the murder of Mrs. Geo. Bailey and Lena Renner was done by two men and their deaths are but a remarkable coincidence. The police say the coils are tightening about a man well known in the community, who, they claim, killed not only the Renner girl, but two other women by strangulation at different times in the past, their deaths, up to this time, remaining a mystery.

THE STAGE

Tonight.....Across the Desert.
Tuesday night.....Gertrude Coghlan
as "Becky Sharp."
Saturday matinee and night.....
Old Dan Tucker.

H. Walter Van Dyke's sensational melodrama, "Across the Desert" is playing to an unusually large matinee audience this afternoon. The play is handsomely staged and the company is in every way adequate. Several of the scenes and situations are thrilling to a degree, and as a whole the production is a success. It will be repeated tonight.

There are few of the younger theatrical stars who have won their spurs more quickly, and at the same time more firmly and surely than Miss Gertrude Coghlan who is to be with us again at the Fauror on Tuesday evening. To be sure the interests of so called meteoric ascendancies to stage fame are not so uncommon in these days, but when one comes to think it over, there are few of them indeed that are upon anything like so substantial a basis. Fads, temporary fancies, and often less commendable incentives are in a majority of cases the causes. This being so the recording of a substantial and successful conquest, on merit purely, becomes the greater pleasure. Miss Coghlan chose as the initiative of her stellar career to enact a character with which nearly every one is familiar as pictured with such marvellous cleverness by William Makepeace Thackeray. "Becky Sharp" as she stands forth from the pages of that wonderful novel, "Vanity Fair" has puzzled and perplexed our fathers and ourselves and our children. Few who have read the book have been able to decide just how bad this strange but fascinating woman really was, but the living, breathing, beautiful creature of the play although as truly subtle and as great an enigma, wins hearts in spite of reason and the most conservative auditor finds one to pity rather than despise. "It is in this respect that Miss Coghlan's conception of Becky becomes truly great" remarks one enthusiastic critic, a sentiment which is easily understood. Miss Coghlan will be surrounded by a strong supporting cast and equipped with beautiful scenery, pert costumes and all accessories which have caused her production to be so highly lauded whenever it has been seen.

The attraction at Fauror's opera house next Saturday, matinee and night, will be the funny farce comedy, "Old Dan Tucker," with Dan Sherman and a company of twenty four people, including a band and orchestra. Many specialties abound in this funny play, which is constructed for laughing purposes only. It has been playing to crowded houses all over the country and its Lima engagement will no doubt be as successful.

There is a type of pathos in Miss Gertrude Coghlan's selection of "Becky Sharp" as an initial stellar effort which renders her exceptional success in the role, the more gratifying. It was at the behest of her distinguished father, Charles Coghlan, that Miss Gertrude undertook to present Thackeray's great character to the stage. When Mr. Coghlan lay upon the bed from which he was never

HALF A MAN.

When a man is sick and can only work half the time he is practically half a man. It requires his whole physical energy to do half a man's work.

In general the weak run down condition which cuts the strength and energy in half is due to disease of the stomach and other organs of digestion and nutrition. You could not expect a half starved man to work more than half the time. The condition of the man with weak stomach is that of the half starved man. He is weak through lack of nutrition.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores the perfect nutrition of the body and restores the strength.

Dr. Pierce's Pleasant Pellets cure constipation.

Difficult Digestion

That is dyspepsia. It makes life miserable. Its sufferers eat not because they want to—but simply because they must.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffiness, fulness, headache, heartburn and what not.

Hood's Sarsaparilla cures Joseph F. Laine, Pleasant, Ky., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla which I did and it put my bowels in perfect condition, gave me strength and energy and made me feel like a new person."

Promises to cure and keeps the promise. Beware of substitutes. Buy Hood's and only Hood's.

To rise, he, day after day, coached his young daughter in the role and she faithfully carried out his every suggestion. Mr. Coghlan was one of the most finished artists the stage has ever known in recent years and the commentary is common among critics viewing Miss Coghlan's performance that the remarkable ability of the father is mirrored in the child. There has been uncommon interest aroused in the announced appearance of Miss Coghlan as "Becky Sharp" at the Fauror.

Old Dan Tucker has got drunk. Fell in the fire and kicked up a chunk. A coal of fire got in the heel of his shoe. And law me, gals, how his coat-tails flew.

Earnest Seton-Thompson the famous author of "Wild Animals I Have Known" and many other delightful stories of animal life will lecture here during the winter.

All of those who saw "Arizona" when presented here, as well as those who know it only through the reputation of its New York and Chicago successes, will be glad to learn that Augustus Thomas' comedy-drama of the great Southwest is booked for early presentation in this city. Last year's cast has been strengthened in some minor details and the company, which is to appear here is the one which played at the Auditorium in Chicago.

"Florodora" is still keeping up its phenomenal record in New York. The famous musical comedy has now been running continuously in that city since Nov. 12, 1900. The receipts are averaging \$2,000 nightly.

The Chicago Board of Trade offers splendid opportunities for the sensational playwright, but never before has the scenes of a play been located inside its famous walls until the production of "A Gambler's Daughter," the newest successful melodrama.

Hurtig & Seamon the well known New York amusement caterers will soon present Williams and Wanser and their own Big Company of fifty people in a brand new production entitled, "Sons of Ham" with all new features, new songs and music. Special scenery and electrical effects and a grand spectacular cake-walk ballet.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. Sunday being Anti-Saloon day in our city, Mr. W. B. Wheeler, state attorney for the League will speak in the evening. Good music at each service. Everybody welcome.

The Right Thing.

A New Catarrh Cure, which is Rapidly Coming to the Front. For several years, Eucalyptol Guaiacal and Hydrastin have been recognized as standard remedies for catarrhal troubles, but they have at

ways been given separately and only very recently an ingenious chemist succeeded in combining them, together with other antiseptics into a pleasant, effective tablet.

Druggists sell the remedy under the name of Stuart's Catarrh Tablets and it has met with remarkable success in the cure of nasal catarrh, bronchial and throat catarrh and in catarrh of the stomach.

Mr. F. N. Benton, whose address is care of Clark House, Troy, N. Y. says: "When I run up against anything that is good I like to tell people of it. I have been troubled with catarrh more or less for some time. Last winter more than ever. Tried several so-called cures, but did not get any benefit from them. About six weeks ago I bought a 50 cent box of Stuart's Catarrh Tablets and am glad to say that they have done wonders for me and I do not hesitate to let all my friends know that Stuart's Catarrh Tablets are the right thing."

Mr. Geo. J. Casanova, of hotel Grifton, West 9th street, New York City, writes: "I have commenced using Stuart's Catarrh Tablets and already they have given me better results than any catarrh cure I have ever tried."

A leading physician of Pittsburgh advises the use of Stuart's Catarrh Tablets in preference to any other treatment for catarrh of the head, throat or stomach.

He claims they are far superior to inhalers, salves, lotions or powder, and are much more convenient and pleasant to take and are so harmless that little children take them with benefit as they contain no opiate, cocaine or any poisonous drugs.

All druggists sell Stuart's Catarrh Tablets at 50 cents for full size package and they are probably the safest and most reliable cure for any form of catarrh.

"Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big colds too, down to the very verge of consumption.

CAPTIVE MISSIONARIES

To Be Released Shortly in the Vicinity of Salonica.

Berlin, Nov. 16.—A dispatch from Sofia is published to the effect that the husband of Mme. Telika has received a letter from his wife, in which she says Miss Stone and herself are still alive, but suffering great hardships. Mme. Telika expresses a belief that they both will be released shortly at or in the vicinity of Salonica. The letter is undated.

Nearly Asphyxiated. San Francisco, Nov. 16.—Daniel McLaughlin, a Chicago writer, was nearly asphyxiated in his room and is now in the receiving hospital in a serious condition. McLaughlin did not extinguish the gas when he retired, and it is believed a gust of wind blew the light out, permitting the gas to fill the room. The physicians worked on him for hours before he showed signs of returning animation.

Town Fire-Sweep. Wichita, Kan., Nov. 16.—The business portion of Newkirk, the county seat of Kay county, O. T., was destroyed by fire, entailing a loss of \$50,000. Newkirk has no fire protection because of a lack of a water-works plant. The fire was caused by the explosion of a gasoline can in a restaurant. The loss is only partly covered by insurance.

Weyler May Be Called. Madrid, Nov. 16.—It is expected that General Weyler, the minister of war, will temporarily replace Senor Sagasta should the latter's illness continue. It is further said that the Duke of Veragua, the minister of marine, will resign if the chamber of deputies refuses a credit of 12,000,000 pesetas for the new warships now under construction.

Naval Reserve Vessel Aground. Cleveland, Nov. 16.—During a heavy northwest gale the United States naval reserve vessel Hawk, anchored inside the breakwater, dragged her anchors and was driven ashore on a sandy bottom. Lines thrown to the vessel by tugs would not hold and broke again and again. It is believed the Hawk can be pulled off without serious damage.

Gift to Heidelberg. Dayton, O., Nov. 16.—Benjamin Mecher, a farmer, who lives in Jackson township, has made the Heidelberg Theological seminary located at Tiffin, O., a gift of a farm of 130 acres, valued at \$7,800. The farm is located in Jackson township. The deed granting the donation was filed.

Tax on Beer. Washington, Nov. 16.—The commissioner of internal revenue decided that beer manufactured in the United States and shipped to the Philippines is subject to the internal revenue tax. This ruling is a reversal of the one rendered by the commissioner several weeks ago.

Dickinson's New Job. Sofia, Bulgaria, Nov. 16.—Mr. Dickinson, consul general of the United States at Constantinople, has been the foreign minister here his credentials as diplomatic agent of the United States to Bulgaria.

CLUB

Of Musicians to be Formed

On South Side.

Large Membership Already Enrolled.

A Public Reading Room for Boys May be Established Soon.

A South Side Minister to Assist in Conducting Evangelistic Services at Findlay Next Week.

The musical organization spoken of for south Lima several days ago, is almost a reality. Prof. C. S. Peiffer, assisted by other local music enthusiasts have already secured the enrollment of 150 members who will constitute what is to be known as the South Lima Music Union. Any one with musical ability either vocal or instrumental is eligible for membership. A meeting will be held next week at which officers will be elected. Committees will be appointed to arrange the several departments, also to secure a place suitable for club rooms. The new organization will be a potent factor in the future musical history of south Lima.

Another matter to soon receive decisive attention is the public reading room for the boys of south Lima. Those conducting the movement hope to have their commendable purpose accomplished soon. Books as well as other articles will be donated by the people generally; while the rent may be raised by public subscription. The scheme is meeting with earnest encouragement. All are invited to contribute as they can toward a successful consummation of the undertaking.

Tomorrow Anti-Saloon league services will be held in south Lima. In the morning at 10:30 at the Christian church Rev. T. M. Clemens, D. D., Mr. Dayton, will deliver an appropriate address. At the same hour Rev. A. F. Jackson, D. D., will speak at the south Main street Presbyterian church. They may speak at other churches in the evening.

Next week W. G. Smith, of the south side Presbyterian church, will come Findlay to assist in a series of revival meetings at the Presbyterian church there. This will be the first meeting under the new regulation program for holding evangelistic services with the assistance of neighboring ministers. No foreign talent will be employed, evangelization being done by an exchange of pastors. Shortly Rev. Smith will begin revival services at his church assisted by Rev. A. F. Elder, from Ada, who in his turn will be assisted by neighboring ministers. It is thought the new departure will be more satisfactory than the former rule, as it gives the people an opportunity to hear various evangelists during a revival at the same time requiring no salary for an evangelist.

Under the new law a meeting of Odd Fellows of the twenty-eighth district, including Lima, Spencerville, Beaver Dam, Cridersville, and Lafayette, will be held at Solar lodge room in south Lima next Monday evening. The meeting will be largely of a social nature being called by the representatives with that end in view.

J. C. Stoner, who will remove to the country soon, was surprised by a number of the neighbors calling at his home to spend a pleasant evening with the family. The event was very enjoyable.

Frederick Banks, Frank Fink, Elmer Marshall, Charles Mooney, returned today from a hunting tour about the reservoir.

Henry Simons, of the south side fire department, Elmer Welker, Sam Rise and John Mack, of west Kibby street, are out gunning today.

The young son of Al DeVoe, on south West street, has diphtheria. There is also a case at Henry Simons' on south Main street.

Lester Montague, is again at his uncles, Rev. Maltbie, on west Kibby street, having returned from visiting at Ottawa. He recently returned from a trip to Paris, Berlin, Hamburg, and London, in which cities he is acquainted. He has wandered over a greater portion of the globe but says that he will travel no more. Lester will soon bring home a bride from Ottawa. They will reside in his property in south Lima.

Mrs. Bealer, with her daughter of Kenon, are guests at J. T. Thomas', on south Main street.

E. Pryor, of Findlay, transacted business here yesterday.

W. A. Bennett is the fond father of a new boy that came to his home yesterday.

Will Tonne is suffering from a sprained ankle, sustained by falling from a building.

Joab Bowsher, has been elected treasurer of the Logan Oil company. Mrs. J. E. Meil is at West Cairo for a few days stay.

Mrs. Dr. Hulbard, called upon local friends yesterday, enroute from Cridersville to Buffalo, to visit her parents.

Last night at Rev. W. E. Hagermans on south Elizabeth street, Mrs. Hagerman entertained the Epworth League of Grace church. The session was well attended, being enjoyable. A valuable program interested during the evening. The musical features were appreciated.

Albert Denison, on St. Johns avenue returned to work this morning after a weeks absence caused by an injured hand.

L. A. Douglass, of Toledo, will spend Sunday with local friends.

Miss Pearl Sheppard, completing a visit with relatives in this vicinity has gone to Sidney where she will remain awhile before returning at Monteville, Ind.

F. S. Lotter, of Toledo, was in south Lima awhile yesterday upon a business mission.

THE GREAT BOOK OFFER MADE LAST WEEK HAS BEEN AN UNQUALIFIED SUCCESS. THOUSANDS OF READERS HAVE AVAILED THEMSELVES OF THIS UNPRECEDENTED OPPORTUNITY OF SECURING \$1.25 BOOKS FOR 25 CENTS

OR the benefit of those who missed the first announcement, it may be stated that the International Association of Newspapers and Authors is a world-wide combination, which has been formed for the purpose of placing a copy of one of the best books of each of the 40 greatest authors of the period in the hands of every newspaper reader, and at a price which barely covers the cost of production—

Only 25 cents a Copy

For this purpose the co-operation of the authors and publishers has been secured, and for a limited time they surrender their usual royalties and profits, being amply repaid by the immense popularity thus given to good novels in general and their works in particular.

Only the best works of the most famous authors have been admitted to this series, and as the number circulated is enormously large, the cost of production per book has been greatly reduced. The original plates of the expensive editions have been used in every case, and each book is handsomely bound in

Art Linen Covers

so that the public thus obtains \$1.25 books for 25 cents while the allotment lasts. All books are fully copyrighted, and when the edition is exhausted no more copies will be obtainable at the reduced price.

On Sale this NEW PRICE Week at the

9. "THE SLENDOR SPUR." By A. T. QUILLER-COUCH (author of "The Delectable Duchy"). 336 pages of stirring adventure following the fortunes of Charles I. The hero has the most romantic of sweethearts.	13. "THE HEART OF TOIL." By OCTAVE THANET. An American novel of American life for American readers. Holds the interest in every page.
10. "FACE TO FACE." By ROBERT GRANT (author of "Unleavened Bread"). Humorous adventures of an English girl who was mistaken for an American by a rich young American who pretended he was English.	14. "FREE JOE." By JOEL CHANDLER HARRIS (author of "Uncle Remus"). Full of originality, love and romance. No truer pen pictures of the Sunny South in fiction.
11. "RUDDER GRANGERS ABROAD." By FRANK R. STOCKTON. Sequel to "Rudder Grange," but complete in itself. Brim full of humorous adventures in various lands.	15. "TALES OF OUR COAST." By S. R. CROCKETT, GILBERT PARKER, HAROLD FREDERICK, CLARE RUSSELL and QUILLER-COUCH. Five stirring sea stories.
12. "THE HERB MOON." By JOHN OLIVER HOBBS (author of "A Study in Temptations"). Witty and philosophical love story, full of bright epigrams and common sense.	16. "SEVENOAKS." By J. G. HOLLAND (author of "Bitter Sweet"). Describes the rise and fall of an arrogant, unscrupulous millionaire. Contains two very witty characters.

LAST WEEK'S BIG HITS

1. "THE GREAT K. & A. TRAIN ROBBERY." By PAUL LEICESTER FORD (author of "Justice Mordant"). A delightful love story running through the exciting chase for three stolen letters of great importance.
2. "TEKLA." By ROBERT BARR (author of "The Mysterious Many"). Unsurpassed romance of medieval days. The winning of Countess Tekla by an Emperor's daughter. Over 400 pages of breathless interest.
3. "SIMON DALE." By ANTHONY HOPE (author of "The Prisoner of Zenda"). The best of all "Nail Town" stories. Romantic adventures in England and France with Charles II. and King Louis.
4. "A PURITAN'S WIFE." By MAX PEMBERTON (author of "The Garden of Swords"). Strange adventures of a Roundhead after the Restoration—the days when grass grew in London streets.
5. "A FAIR BARBARIAN." By FRANCES HODGSON BURNETT (author of "A Lady of Quality"). "Through One Administration," etc.). The American girl who put an English "Swell Set" agog. A humorous account of how prejudice was turned to admiration.
6. "I, THOU AND THE OTHER ONE." By AMELIA E. BARR (author of "The Bow of Orange Ribbon," "Jan Vedder's Wife," etc.). Delightful love story of the days when England was on the verge of revolution over the Reform Bill.
7. "AMERICAN WIVES AND ENGLISH HUSBANDS." By GERTRUDE ATHERTON (author of "Senator North," etc.). The romantic story of a California girl who married a title for love. This book was never before published for less than \$1.50.
8. "BONAVENTURE." By GEORGE W. CABLE (author of "The Grandissimes," "Madame Delphin," etc.). A prose pastoral of Louisiana, where love is romantic. Told in the most beautiful English.

John Morley, pointing to the fact that the British taxpayer's load has been increased by \$100,000,000 a year during the last ten years, declares there is "real danger ahead to the country." And not far ahead either, it would seem, says the New York World.

Liabilities of failures in the first week of November were only \$1,121,982 against \$1,360,997 last year, and \$1,341,647 two years ago. Manufacturing defaults were \$336,945 and trading \$765,029. Failures for the week numbered 243 in the United States against 201 last year, and 33 in Canada against 18 last year.—Dun's Review.

People are talking of Seth Low, who defeated the Tammany candidate for mayor of New York, as if he has the ability to sweep New York with a broom, and make it rival heaven in purity. There will be corruption under Seth Low; the election of no one man ever revolutionized a town. There is so much expected of Seth Low that there will be a great deal of disappointment.

Representatives of the commercial bodies of nearly all northern and western cities are now said to be in Washington for the purpose of urging President Roosevelt to say something in his message, or, better still, to do something by direct negotiation, to bring about a reciprocity treaty with Canada. This is regarded as another sign that, in the language of the late President McKinley, "the period of exclusiveness is past."

That experience teaches the value of newspaper advertising is shown in the case of the manufacturers of cigars. "A dozen years ago," says Tobacco, "an advertised cigar was virtually unknown. Two or three pioneers who started advertising in a small way some seven years ago received such wonderful benefits that others were induced to enter the field, and all have had unprecedented returns, apparently without hurting one another."

Congress will be asked to appropriate money to build forty new war vessels for the navy. At the present rate of progression it is pretty certain the country will soon find itself very strongly equipped with vessels, but very badly off for men of experience to command them. The Schley inquiry has thrown a flood of light upon the quality of our naval outfit, and if any good shall result it will be educative rather than disciplinary.

President Roosevelt has appointed four postmasters in Texas, Mississippi and Alabama—in each instance disregarding the recommendation of the state Republican organizations and selecting instead the fittest persons among incumbents or candidates. If the president shall have the nerve to give the whole country the benefit of the policy which he is so successfully applying in the southern states it may shock the politicians, but it will enlighten the people.

The Providence Journal (Rep.) commenting on the "gang" victory in Philadelphia, refuses to accept the customary explanations. It says: "Excuse is only accusation. All the explanations in the world cannot justify the defeat of municipal decency. Unlike the voters of New York, the voters of Philadelphia fell short of their duty. That is the final

and irrefragable conclusion. The why and wherefore are of small consequence."

"J. N." closes on the press of the nation. This is a rumor that comes from the far west. J. N., the only philosopher, after having been enshrouded with his few friends for over two score years, will soon demand of the press of the nation the publication of his views and thus relieve the crushing veil that has blocked his pathway of disinterested truth. This comes from a friend of J. N.'s who will shortly have a notice published in partial defense of J. N.'s cause and principles, as he is too modest to defend himself, and as he cannot lecture on his cause, he will ask some of his selected disciples to vindicate his principle.—St. Louis Post Dispatch.

WILLIAM J. BRYAN.

Champ Clark, the distinguished Missouri congressman, repudiates the occasional suggestion that William J. Bryan is politically dead, and says this was illustrated at Macon City, Mo., three weeks ago, "when for two hours 15,000 Democrats pushed and shoved to get near and shake his hand." Mr. Clark adds: "We were having a big political meeting there, and though Bryan was secured only as a drawing card, he was the whole thing. My judgment about it is that Bryan will either be nominated for President himself in 1904 or that he will have a great deal to say as to who will be nominated. I don't believe it would be possible to nominate a man who was not faithful to Bryan and the Kansas City and Chicago platforms of 1900 and 1896."

BALLOTS BETTER THAN STRIKES.

There have been recent illustrations of the fact that the working classes can accomplish more in the way of obtaining recognition of the rights of labor by presenting a united front at the ballot box than resorting to strikes, which, as a general rule, breed violence. The working people of Ansonia, Conn., determined to obtain what they considered a fair share of the profits of their labor, so they organized a party which aimed directly to elect men friendly to the interests of the laboring element and its success at the polls was complete, as every candidate on the ticket was elected by large majorities over the candidates of the two regular political parties.

In San Francisco the Union Labor party, which was organized without attracting much attention, elected one of its members mayor of the city to the great astonishment of the politicians. The truth is labor is much more powerful at the ballot box than it is in a strike against the real or imaginary grievances suffered at the hands of capital, but, unfortunately, labor does not yet realize this fact, but it will in the course of time, and then it will protect its rights with its ballot. Labor has been, and to a large extent still is, the prey of political demagogues, and is driven to the polls at elections like sheep to the shambles, where they cast their votes for candidates and policies inimical to their own interests. There is no better evidence of this than the almost unanimous support which labor gives the Republican party in the great states of the north and west, yet the Republican party is responsible for a tariff policy by which the producing and consuming classes are plundered under the form of law.

However, when labor awakens to a realizing sense of the power resting in its ballot many of the evils of which it now complains will be corrected without strikes, which so seriously disturb business conditions as to cause thousands of disinterested people to suffer and which are so often attended by violence and bloodshed.

Musket Exploded.

New Decatur, Ala., Nov. 16.—While out hunting at Priceville, Sam Yarger was killed and his 9-year-old son was seriously wounded by the accidental explosion of a rusty musket in the hands of the former. Yarger was a prominent plantation owner.

Offered the Presidency.

City of Mexico, Nov. 16.—When General Reyes of Colombia, one of the pan-American delegates, was asked about the coming of the two commissions from his country to ask him to accept the presidency of Colombia, he said: "It is true that I have received word that I am wanted at home. General Garces of New York, who is second in command of the revolutionary forces, has sent a commission to see me. I have also been informed that another commission is on its way, having been sent by the vice president of Colombia." When questioned as to what answer he would give to the commissions, General Reyes refused to commit himself. "I am tired of politics," he said, "and I should like to retire to private life, but I shall do my duty to my country."

To Ambitious Army Men.

Washington, Nov. 16.—It was announced at the war department that the names of the officers to fill the vacancies in the grade of brigadier general will not be announced until congress meets, as it is not deemed desirable to make an interim appointment. The secretary of war and the president have had informal discussions on army matters on several occasions, and it is understood that the president has expressed himself most positively on the use of the political and social influence by officers for the purpose of obtaining changes of stations, leaves of absence, modifications of orders, etc.

Tinned Foods Deteriorate.

Paris, Nov. 16.—La Liberte asserts that 2,000,000 francs' worth of deteriorated American tinned foods have been discovered among the military stores at Verdun. General Andre, the minister of war, consequently ordered all tinned food among the army stores, whether French or American, to be sold on the ground that it would be better to have no stores at all than to depend upon canned provisions which would be found to be bad at the outbreak of the war.

Jeff Davis Monument.

Wilmington, N. C., Nov. 16.—The interesting feature of the eighth annual session of the United Daughters of the Confederacy was the report of the Jefferson Davis Monument association. It showed that approximately \$12,000 was collected during the past year. The monument will cost not less than \$50,000 and will be in the form of an arch spanning Twelfth and Broad streets in Richmond, Va. June 3, 1903, was settled as the date for the unveiling.

Woman Was Killed in a Raid.

Leavenworth, Kan., Nov. 16.—After being out but seven minutes the jury in the case against John Wilburn, charged with the murder of Mrs. Rosa Hudson in a raid on a "joint," brought in a verdict of "not guilty" and the prisoner was released. Evidence was adduced to convict four or five raiders who have not yet been caught. Mrs. Hudson was killed in the wrecking of a "joint" during the Carrie Nation crusade.

Cudany Plant Damaged.

Kansas City, Nov. 16.—Fire that broke out in the cannal building of the Cudany packing establishment destroyed that building, with a large stock of canned meats that it contained. Loss estimated at \$150,000.

Window Glass War.

Pittsburg, Pa., Nov. 16.—The organization of the outside window glass manufacturers in Columbus has aroused great interest in Pittsburg glass circles. It also started talk among the manufacturers that indicates feeling in the trade and which presages a conflict in the glass business that will be sharp and decisive. It was stated at the Columbus meeting that the outsiders would join forces with the co-operatives, but the representatives of the co-operatives in Pittsburg deny this. They declared it was too late to consider such a problem. The officials of the American Window Glass company and the Independent Glass Company declared that the outsiders were too late in their move, and that this year would mark a determined fight for business.

Consul Mason Attacked.

Berlin, Nov. 16.—The Kreuz Zeitung makes a savage attack upon Frank H. Mason, United States consul general, because in a recent consular report the latter said the business situation in Germany can not regain its former prosperity as long as the future respecting duties continues uncertain, and the dangers of foreign reprisals remains. In Mr. Mason's report The Kreuz Zeitung sees a censure of the German government, and answers that duties in Germany are not more uncertain than in the United States, and that Germany is only exactly following the example the United States has set in raising its duties.

Wool Conditions.

Boston, Nov. 16.—The strippers are all busy getting out the huge sales of the last fortnight. The market is naturally quieter as far as current demand is concerned, still there has been a good average business at the slightly higher level established last week. Over 200,000 pounds of New York medium wools were sold in one lot. A leading New Mexican dealer got rid of 500,000 pounds, and except the Kerrville wools, the entire fall clip of Texas has been sold this week at about 14 cents, or 42 cents clean. In fact, the week would be called active if it were not after a boom.

Fatalities Due to Storm.

Toledo, Nov. 16.—In a driving snow storm Mrs. Susan P. Bangs, matron of Toledo Old Ladies' home, lost control of a horse she was driving near Richards Station and was thrown from the buggy and killed. T. W. R. Garner, an interurban fireman, was run down by a car and beheaded. Both accidents were due to the storm.

ARE

Not Ready With Decisions.

Circuit Court

Will Return to Lima Next Month

And Hold an Afternoon Session on Friday, December 13th.

Judge Cunningham Held Up a Divorce Case This Morning for Some Additional Evidence.

Those who have matters in the hands of the circuit court will have a wait of four weeks before they will know the decisions in cases that were submitted this week. The judges have returned to their homes and made the announcement before leaving that they would return to Lima Friday, December 13 and hold a session of court, at which time the cases heard will be decided. Not a few important points were involved in the matters of litigation carried to the higher body, and the court evidently wants more time for their consideration.

MORE EVIDENCE NEEDED.

Judge Cunningham was on the bench again this morning and had up for consideration several divorce cases that have been pending for sometime. The case of Mrs. Lizzie Gehrett vs. Levi Gehrett was presented but there was a missing link that prevented the court from arriving at a decision and he continued the investigation until a latter day. The wife pleaded for a separation on the grounds of non support and offered evidence to prove that she had received scarcely anything from her husband since their marriage in Buckland on the 16th of May, 1893. In her petition she acknowledged having left home on account of the neglect referred to but the court demanded more evidence to substantiate her claim and the case was postponed until the plaintiff is able to produce the witnesses who were absent.

PUBLIC SALE.

Probate Judge Miller issued an order for the public sale of personal property this morning in the assignment case of Geo. T. Humston, of which attorney James J. Weadock is receiver.

MUST BE GOOD.

Judge Miller released Harry Long last night with the understanding that he would quit playing truant and attend school. The boy's uncle interceded for him and the court let him off after directing the truant officer to keep his eye on the lad and pick him up whenever he saw that the orders of the court were being disobeyed. If the boy fails to carry out the instructions of the court he will be sent to the reform school without the formality of another hearing.

Severe Earthquake Shock.
 Buena Vista, Colo., Nov. 16.—This town and surrounding country experienced an earthquake shock which lasted for several seconds. Many people rushed from their residences in night attire, fearing their homes would be demolished. Plate-glass windows were cracked. It is reported that the waters of Cottonwood lake rose considerably. Many huge boulders on Mount Princeton and Mount Harvard were dislodged and rolled down the sides of the mountain. The seismic disturbance seemed to travel from the southwest to the northwest, and lasted about six seconds.

10 years ago Cambridge Springs, Pa., had 600 inhabitants, now it has 2500. 10 years ago it had hardly a boarding house; today it has dozens of boarding houses and hotels, including one that cost one-half million dollars. 10 years ago the waters of Cambridge Springs were almost unheard of; now there is a record of thousands cured and benefited. Health is not the only consideration that takes people to Cambridge Springs; rest, recreation, indoors and out, are what the place affords the year "round," for Cambridge is "always open." All that the city can give is what Cambridge Springs offers in a beautiful country setting, together with good hotels to live in and its wonderful waters to drink and bathe in. The Erie railroad has issued a booklet that tells where it is, what it is, and what it will cost to enjoy a stay there. Sent on application to D. W. Cooke, G. P. Conductor Evans Enjoying Exciting Life

And is Roughing it in True Western Style—Freight Train on the P. F. Makes a Fast Run.

The resignation of conductor Seymour Evans from the C. H. & D. a short time ago was followed by the announcement that he had in contemplation a trip through the west that would have the novelty of a long prairie schooner ride connected with it, and now comes a letter from him, dated at Republic Kansas, on the eve of the long journey which promises to be full of pleasure and excitement. Mr. Evans greets his old Lima friends as follows:

"I landed in Byron, Neb., four weeks ago today, Tuesday, November 12. Tomorrow myself and brothers A. B. and A. C. Evans will start overland for Colorado in a prairie schooner. The weather is fine and though it is late we start fully equipped with all the paraphernalia necessary for the trip. We will stop near Haigler, Dundy county, Neb., where the boys have a herd of cattle. Here we will remain for a week or so as they intend having their cattle wintered on a ranch of several thousand acres, where we will enjoy the full benefit of ranch life and mingle with the festive cow punches. We will also hunt the sly wolf, as we have word that they are taking the young calves; hence, we rush forward, each with a Winchester, to see who will be first to bag a few coyotes. I have come nine hundred miles to take this one trip of my life, and am living in blissful anticipation of it. A chance I may never have again. It will be owing to the weather how far into Colorado we will go. Respectfully,

SEYMOUR D. EVANS.

Creditable Freight Run.

A stock train on the Pennsylvania, hauled by engine 137, with engineer J. B. Ryan and fireman J. Miller, in the cab, made the run from Port Wayne to Crestline, 131 miles, in four hours, last Tuesday. From Port Wayne to Washington, seventy miles only one hour and fifty-eight minutes were consumed in the run. The average speed of the train, including stops and slow-ups, was thirty-three and three-fourths miles per hour. This schedule is only a trifle short of the schedule of passenger trains.

BANQUET

Tendered Capt. Morrison by Co. K.

Pleasant Event Held at the Armory Last Night.

The Retiring Officer Also Presented With a Token of the Esteem in Which He is Held by the Members.

Last night at the armory on south Main street Capt. Thomas Morrison, who recently resigned his commission as captain of Co. K, Second regiment, was tendered a banquet by the other officers and members of that popular company. The affair was an exceptionally pleasant one and was an event that will long be remembered by those who participated in it, and especially by Capt. Morrison. The banquet furnished by the members of the company was a magnificent one and as a token of their esteem the officers and men presented the retiring officer with a handsome pair of cuff buttons.

First Lieutenant Fred Thomas has been elected to the captaincy of the company, second lieutenant Louis Hofmann has been chosen to succeed Mr. Thomas and Earl Bussert has been elected second lieutenant. The boys are sorry to part with the popular officer who organized the company but they are also gratified with the knowledge that worthy and efficient men have been advanced and will keep the command up to the high standard that it attained under Capt. Morrison.

Sports Waited for News of the Fight

And Then Went Home Thoroughly Disgusted.

Findlay Clinches the High School Championship by Defeating the Fostoria Football Team.

In spite of the fact that there is a difference in the time between Lima and San Francisco of more than two hours, the anxiety to hear the news from the ringside fresh from the wires kept many down town last night, and they patiently awaited the first announcement of the appearance of the champion and the Akron boy who has been dubbed a giant. The result after the long wait was somewhat disappointing, as it was fully expected that Ruhlman would be able to at least demonstrate that he had some excuse for demanding a meeting with the undisputed champion of the world. As it turned out he was so completely overshadowed by Jeffries as to make the mill a veritable fiasco.

But very little money changed hands here on the result, a few small bets at two to one being reported, and several others on the number of rounds were placed late in the evening, the backers of Jeffries getting the clou in each instance. The first bulletin rather encouraged the friends of Ruhlman, but the upward tendency of stock in his favor soon took a tumble and before the fourth round came the flash that Ruhlman's trainer had thrown up the sponge. The "Akron Giant" is now a Lilliputian among those who have a claim on Jeffries' attention.

FINDLAY WINS

High School Foot Ball Championship From Fostoria.

The representative teams of the Findlay and Fostoria high school battled on the gridiron of the former town yesterday for championship honors and the Findlay team proved its superiority and right to the title, defeating the Fostoria lads by a score of 23 to 0. Findlay has never looked so gay since her memorable street fair and the hundreds of admirers and "rooters" on both sides displayed great confidence in their respective idols by much yelling and a periodical display of several rolls of one dollar bills. Throughout the game, which was witnessed by several Lima people, among whom were Laudick, Mackenzie, Beeman and coach Zeller, of the local team, enthusiasm ran high. The Fostoria team was outweighted but not out played in as great a degree as the score would indicate.

The victorious Findlay lads now have Toledo to subdue and a brilliant season of victories will have ended. Toledo is really in a faster class than the teams belonging to the association of northwestern Ohio, but the Findlay admirers have hopes of scoring another victory in fast company. There is a possibility that the Lima team will meet Findlay in a post-season game on the latter's gridiron. At present the local team is looking forward to the game with Van Wert, to be played in Lima, Thanksgiving day.

REVENUE

Was Charged on Cargo of Sugar

That was Brought Over from the Philippines

And the London Company Begins a Suit in the U. S. Circuit Court to Recover the Amount of Revenue Paid.

Special by wire to Times-Democrat. New York, Nov. 16.—Warner Barnes & Co., limited, of London, Eng., began suit today in United States Circuit court, to obtain the return of \$128,520 which they paid to collector George R. Bidwell under protest upon a cargo of sugar brought by them from Manila on August 3, last. It arrived here October 22 and was held up for payment of duty by collectors on the ground that it came from foreign country. The Philippines for some purposes seem to be foreign but when it comes to internal revenue taxes they are a part of the United States.

and since then has stood at 2:09 1/2. Miss Phelps lowered this to 2:09 1/2 with Charles T. Chapin's Daniel in the early part of this month. A big floral horse shoe of roses and carnations was presented to her after she had broken the record, and the association informed her that it would present her with a purse of \$500 in gold in commemoration of her feat, which puts her at the head of horsewomen.

The Unsatisfied Athletic Girl.
As Alexander signed for more worlds to conquer and the good housekeeper looks for a new animal to vary the eternal round of beef, mutton, and pork, so just now does the athletic girl wish with all her heart that a brand new game would come to the fore which might arouse her lagging interest and in which she might hope to gain new laurels. She has taken up each one with enthusiasm—tennis, golf and squash—and is just a little tired of all of them. Polo with its "cross saddle" possibilities in the near future, is by far the most tempting, but very few young women can command the number of mounts necessary to play such an expensive game, and although tennis has shown a healthy revival during the last summer it is something like turning out and retreating old gloves to make them look like new to take up a game that has once been abandoned. Although all over the country golf may be said to be more popular than ever, it is curious to see how completely it has been dropped at the very places where it first gained its popularity. There the costly clubhouse, with widespread links, are almost deserted by the fashionable set, who, with their usual inconstancy, suddenly give up without rhyme or reason a game for which they expressed a twelvemonth ago the greatest enthusiasm.

Summoned by the Queen.
Miss Klonarke Klonarke of Mytilene, in the island of Lesbos, Greece, is the first Greek to take a course of hospital training in this country. She was educated at the English school at Constantinople. She is a graduate of the Massachusetts General hospital, Boston, and has been head nurse of a New England Baptist hospital in that city. Not long since a Greek warship visited Boston, and Miss Klonarke acted as interpreter for J. Christophorus, surgeon to the king of Greece, who on his return told Queen Olga of her former subject's work in Boston. Word was at once dispatched to Miss Klonarke to come back to her native land to work there. It was accepted, and Miss Klonarke will leave soon for her new sphere, where there are several children's hospitals and two general hospitals.

The Only Absolute "Frank."
Mrs. Garfield is now the only person in the United States who enjoys an absolute "Frank" on all mail correspondence. The president, members of the United States house and senate and cabinet officers may send official documents or letters on official business through the mails without paying postage, but they are on a level with other citizens when it comes to private correspondence. Mrs. Garfield, whose husband, the president, was assassinated in office, was given the franking privilege for life by a special act of congress. Mrs. McKinley will doubtless be given the same.

Library Organizer.
Mrs. Elizabeth Shuey Southward of Minneapolis is engaged in a unique occupation. She may aptly be termed an organizer of libraries and is employed to index and arrange books on shelves and put the library into shipshape. Her services are especially called into requisition when a new library is to be started in a town or college. Mrs. Southward received her training in the library school at Armour institute, and later she held the position of head cataloguer in a Chicago library. She charges a round sum for her work as a library organizer and is well paid.

Hair Dye Poisoning.
In a case reported by a French physician a woman had been growing thin and weak for three years, with all signs of dyspepsia, and had had sixteen successive attacks of erysipelas. It was at last decided that hair dye must be the cause. Examination showed that this dye contained resorcin, and on stopping its use health has gradually returned.

Spreads Like Wildfire.
When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, stunted, man or woman. Price 50 cents. Sold by H. F. Vorkamp, druggist.

LIKED IN LIMA

The Renown of the Great Author and Physician Dr. A. W. Chase is Acclaimed by Lima People.

It is by the words of the people that Dr. A. W. Chase's Nerve Pills have come into such active demand. The announcements for this medicine are not dependent on the testimony of people so far away that they cannot be authenticated. Its home evidence that convinces because easily substantiated. Its simple statement of things done and told in the words of the relieved.

Mrs. L. Hanson, of 453 north Elizabeth street, Lima, Ohio, says: "As a good general tonic to nerves and system, one that rebuilds, gives strength and steadies the nerves as well as gives restful sleep we can recommend Dr. A. W. Chase's Nerve Pills we got at W. M. Melville's drug store. We found they had all these properties and like them very much."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase M. D. are on every package.

Old Gen. Vaccination is making the Philadelphia people very sore at present.—Washington post.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by Wm. M. Melville, old post office corner.

HALF RUINED

The Chinese Court Leaves the People on the Line of March.
Peking, Nov. 16.—The Chinese court has arrived at Kai Fong Fu, capital of Ho Nan, having left the people along its route of march half ruined by the contributions levied for entertainment, repairing of roads and decorations. The ministers of the foreign powers are considering a suggestion from the Chinese officials to the effect that the ministers meet and formally welcome the emperor when he arrives at Peking.

President and Tariff Revision.
Chicago, Nov. 16.—D. C. Hayes, of New York, who is in Chicago, said in an interview that the published reports of his remarks in St. Paul about President Roosevelt's views on tariff legislation were incorrect. "Of course I did not say that the president gave the positive assurance that he would make no reference to tariff revision," said Mr. Hayes. "I called upon President Roosevelt some four weeks ago, to ask him to make some reference in his message, if possible, a recommendation for a permanent tariff commission. The president stated that he could not include this subject in his message without discussing it with the leading members of congress. But," he continued, "I am in sympathy with any movement tending to put the revision of the tariff on a more scientific basis."

First Test a Failure.
New York, Nov. 16.—The first test of the Gatling gun and shell (test) at the army proving ground on Sandy Hook and resulted in a failure. The shell did no material damage to the targets. The failure of the Gatling gun is ascribed by some to an imperfect construction of the gun in the interior of the shell. The army officers, however, claim that they have found convincing proof to the contrary. In accordance with the test was as perfect as it was possible to make it, in accordance with the inventor's ideas. The board has decided to give a second trial, to which the inventor is entitled.

Secretary Long's Recommendations.
Washington, Nov. 16.—The release of the annual report of Secretary Long for 1901 is "incomplete"—an increase in both the number of ships and the number of officers and sailors for the navy. "The navy today," he says, "is a far greater factor in our relations with the world than it was before the recent national expansion, which now includes Porto Rico, the Hawaiian Islands, the vast area of land and sea in the Philippines and our obligations to Cuba. If we are to have a navy at all it must be commensurate with these great extensions—greater in international than in territorial importance."

Rathbun in Secution.
Jeffersonville, Ind., Nov. 16.—It is probable that the public will hear nothing more soon directly from Newell C. Rathbun, for two reasons. A lawyer, whose services he had secured since his arraignment Thursday, has enjoined him not to talk and Judge Marsh of the Clark county circuit court has directed that no one shall see the prisoner except upon an order from the court. Sheriff Rave says Rathbun was questioned by his lawyer and held to his last story admitting everything except that he gave poison to Goodman.

Looking for the Leaders.
Burlington, Ky., Nov. 16.—United States Marshal Larue arrived at Nashville and is looking for the officers and members of the United Mine Workers of America for the purpose of serving notice of the Federal court order against assembling in camps or gatherings for purposes of intimidation. Most of the leading district officials of the union are still absent attending the state meeting of the Federation of Labor at Lexington. The union camps are being closely patrolled, and visitors are excluded.

Baby Mine Disaster.
Binefield, W. Va., Nov. 16.—A rescue party entered the burning Baby mine at a favorable time and succeeded in reaching a point hitherto inaccessible. They saw in the distance the corpses of six or seven men and strove to reach them, but the extreme heat drove them back. The fire is growing fiercer. All efforts to get even partial control of it have proved futile.

THEY HATED MEN.

Three Women Who Waged Lifelong War Against the Stronger Sex.
News comes from Vienna of the death of Fraulein Marie Irrgang, who claimed to be the "champion man hater" of the world. The fraulein was loyal to her sex-antagonism to the last, and in her will directed that no man should be allowed to take part in her funeral procession. An early dis-appointment in love is believed to have been the cause of Marie's hatred of the "mere man." She was a member of a society called the Jungfrauen Verein, an association of old girls and young girls who had been converted to the autumman views of Fraulein Irrgang. Though the fraulein decreed that no man should take part in her funeral procession, she could not prevent men from looking on, and the streets through which the procession passed were thronged with the male animals she so much detested, gazing curiously at the unique sight. The procession was composed of an immense throng of women of all ages and all social conditions and of deputies from every woman's society in Austria. But Marie's directions were not carried out to the letter after all, for the banner of the Jungfrauen Verein was so heavy that no woman could be found who was strong enough to carry it. So it was borne aloft by one of the hated sex, who marched along, the only man in the procession.

Fraulein Irrgang had a rival in Fraulein Gretchen Marie Schultz, an old maiden lady of Berlin who was known throughout Germany as "the man hater." Having had an unfortunate love affair fifty years ago she vowed that she never would speak to or, if possible, look upon a man again as long as she lived, and, being a woman of wealth, she was able to keep her vow until her death not long ago. She bought a retired house about a dozen miles from Berlin and equipped it from basement to garret with furnishings made by the hands of women. She surrounded herself with a band of women, each of whom took a similar vow of perpetual hatred of the opposite sex, and so skillfully were things managed that for fifty years the fraulein neither saw nor spoke to man or boy.
Another man hater, and one who carried her hatred beyond the tomb, was Marie Lenoir, who died in Paris a few months ago. By her will she left her whole estate, valued at \$15,000, in trust to two women of her acquaintance holding similar views with herself regarding men. "To be used in waging warfare in such ways as may seem fitting to them against the selfishness and tyranny of man."

French Literary Women.
In French society when a woman belonging to the highest class can acquire some literary renown her fate is enviable indeed. Notoriety seems now to be the only sole aim of aristocratic womanhood in France. The Duchesse de Brissac has recently published a volume on the revolutionary and last part of the eighteenth century and, putting together all the documents and letters found in her own and her husband's family, has composed a semi-historical, semi-fictional book, whose title, "Dans la Tourmente" ("In the Storm"), is as eloquent as the pages it contains. The Duchesse de la Roche-Guyon, who by marriage belongs to the illustrious La Rochefoucauld family, one of whose members is dear to literature by his famous maxims and philosophical reflections—the Duchesse de la Roche-Guyon is a sweet and pathetic poet. The loss of a dearly beloved son and her great grief urged her to relate her sufferings in the language of the gods, and now the young Countess de Noailles is making quite a sensation by the beautiful songs and poems contained in her volume of verses entitled "Le Cœur Incompréhensible" ("The Incomprehensible Heart"). To translate this title into English is most difficult.

A Resourceful Woman.
"I was puzzled the other day by the actions of a handsomely dressed woman who was walking down Amsterdam avenue," said an observant citizen. "In one hand she carried her white kid gloves, while the other she employed in holding up her long skirt.
"Suddenly she turned out and, standing with her heels on the curb and her back to the roadway, began to put on her gloves. The trail of her skirt hung over the curb just clear of the pavement."

"It took her several minutes to put on her gloves, and her unusual posture attracted the attention of many pedestrians, but she didn't seem to mind that a bit. I stopped on the corner to watch her and never realized why she stood there until she started down the avenue again.
"Then I knew by the careful manner in which she gathered up her skirt that she had let it hang over the curb to keep it from contact with the pavement while putting on her gloves."—New York Sun.

What Will Happen?
Suppose it shall really turn out to be true that the gentle and sensible mistress of the White House actually limits her wardrobe to three gowns—one for the home, one for the street and one for evening wear.
This would imply that the president's wife will actually be seen in the same evening dress not merely twice—which would indicate "hard deuce" or "coming down" in a rich deuce of fashion—but many times; as long, perchance, as the robe is fit and becoming.
And what would happen in that event? Could "society" stand the shock? The spectacle of "the first lady in the land"—a lady born and bred and cultured—not only taking her young children to the public schools, but actually "wearing the same evening gown twice!"—Philadelphia Ledger.

Omega Oil

Hundreds of thousands of people have seen this picture of the

Omega Oil Boy and Geese, and wondered what it had to do with Omega Oil. It has nothing at all to do with it. It is just a picture to attract attention and cause people to talk about Omega Oil. Its purpose is the same as that of a Salvation Army girl when she beats a drum. Beating a drum attracts a crowd to hear a sermon. The Boy and Geese attract a crowd to hear what a good limitment Omega Oil is for aches and pains of every nature in the arms, legs, back, knees, shoulders and feet. If just plain advertising were used, not nearly so many people would have their attention attracted to this good Omega Oil.

REPORT

Of the Canal Commission is Ready

To be Submitted to President Roosevelt.

Pan-American Proposition Entirely Ignored, the Nicaraguan Route Being Considered More Feasible.

Special wire to Times-Democrat. Washington, Nov. 16.—The report of Isthmian canal commission will be presented to President Roosevelt this afternoon or Monday. It favors the Nicaraguan route as the most feasible, and ignores the Pan-American route entirely. The commission estimates the cost of the proposed Nicaraguan canal at about two hundred million dollars. This is for a canal with a depth of 35 feet; width at bottom of 150 feet, increasing at turns to 200 feet, and with eight locks, four on each side of Lake Nicaragua.

THIRTEEN DOCTORS FAILED.

Mrs. M. A. Close, of Nebraska, Was Cured of Incipient Consumption After All Medical Aid Had Failed—Read Her Letter.

MRS. M. A. CLOSE.

Kearney, Neb., July 8, 1900.

Dr. S. B. Hartman, Columbus, Ohio:

Dear Doctor—I desire to express to you my sincere thanks for the interest you have shown in my case, and for the timely aid and advice which has effected a cure of as bad a case of consumption as could be well imagined.

"Peruna and Manalin have done what thirteen of the best physicians in the country have failed to do. For more than three years I doctored for consumption, and spent thirteen weeks in a Pulmonary Sanatorium at Milwaukee, Wis.; but finding myself growing worse, as a last resort, I came West where I was bedfast for many weeks, and the physicians which my husband called gave no hope but said, 'She cannot possibly live more than a few days.' But thanks to Peruna, I fooled them all. In an incredibly short time after I began to take Peruna the hemorrhages stopped. I began to mend slowly at first, but the improvement became more marked, and now I can truthfully say that there is not the slightest trace of my old complaint.

"I would have written you a long time ago, but have purposely waited to see if the effect was lasting; and in conclusion I would say, God bless you and keep you with us that you may go on with your work of mercy for many years to come."—MRS. M. A. CLOSE.

P. S.—"I am going to visit friends in Wisconsin who never expected to see me alive again, so please forward mail to me at 579 Pacific street, Appleton, Wis."—M. A. C.

AN OLD COLD

Is Catarrh, and Catarrh Leads to Consumption.

The tendency of catarrh of the head is to pass downward through the bronchial tubes to the lungs. Any one who has had catarrh of the head for a year or more finds the disease gradually progressing downward. In some cases the progress is rapid, and in other cases it is slow; but sooner or later if catarrh is allowed to run, it will go to the lungs and set up the disease known as consumption. It is doubtful if consumption is ever caused by anything except catarrh.

The catarrh usually begins as a cold in the head or throat, and is neglected until it becomes chronic, then it begins to dawn on the victim that he has catarrh. Unless he is very foolish indeed he will not rest easy until the catarrh is entirely cured. Thousands pay no attention to it until it is too late.

Mrs. J. Priest, Lee, Mich., writes—"I think there is no medicine on earth that excels Peruna. My husband won't take any other. We have tested it and it worked a great change in my son's health last spring when we thought he was going into consumption. We gave him only one bottle and he was all right. I tell everybody about how much good it has done us. My husband says he can't do without it. As for myself it saved me seven years ago from going blind. I could not see to read one word for six weeks. I thought I should surely lose my sight. I commenced taking Peruna and by the time I had taken one bottle I could see to read as well as ever. We think it is a grand medicine."—Mrs. J. Priest.

Use as Much as Needed.

If Peruna is used a cold never becomes chronic, and hence catarrh is prevented. But after catarrh has become thoroughly established Peruna will cure it, but it will take much longer. Even in cases where catarrh has attacked the lungs and the symptoms of consumption have shown themselves, the Peruna will cure. A great many cases of genuine consumption have been cured with Peruna after the patient had been given up to die, as in the case of Mrs. Close.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Mrs. Corinne G. Hartman, of New York State, writes—"Peruna cured my cold and catarrh."
